A. Introduction to Community Development Mini-Grant FY 2019-2020

First 5 Imperial (Commission) has allocated \$100,000 for the purpose of funding mini-grants over the course of a one-year award process that will apply to the 2019-2020 fiscal year. The Commission will award applicants under a two-step process. **Step 1** will require applicants to complete and submit a Statement of Interest to Apply form by the stated deadline. **Step 2** will require applicants that have been identified through review of Step 1 to submit the Community Development Mini-Grant FY 2019-2020 Application by the stated deadline. All applicants submitting a Statement of Interest to Apply form will be notified in writing if they were selected to submit a mini-grant application under Step 2. Please note that an invitation to submit a mini-grant application under Step 2 does not guarantee funding. For all contracts, continued funding will depend on compliance with all requirements contained in the contract and funding levels accrued from Prop 10 revenues.

\$25,000.00 is the maximum amount of funding an agency may request for a Mini-Grant Project during the cycle beginning July 1, 2019 up through June 30, 2020. The objective of these mini-grants will be to enhance the capacity of organizations to better serve expectant parents, children 0-5 years of age and their families.

Public and non-profit agencies may apply through Step 1 of the Community Development Mini-Grant including but not limited to community-based organizations, neighborhood associations, preschools, collaboratives, faith-based organizations, and civic agencies. Applications will be processed within the aforementioned two-step process outlined under the timetable enclosed within these guidelines.

First 5 Imperial reserves the right to modify the Timetable or to cancel the Mini-Grant application process at any time. Notification of changes will be posted on the Commission's website. Deadline submittal dates for this Mini-Grant have been established as follows:

<i>Description</i>	<i>Release Date</i>	<i>Submission Deadline</i>
Step 1	December 17, 2018	January 18, 2019
Step 2	February 8, 2019	March 21, 2019

Please review the Community Development Mini-Grant FY 2019-2020 Timetable for detailed information.

B. The Application Process

Step 1 of the Mini-Grant application process requires that interested applicants must first submit a Statement of Interest to Apply. This document is due at the Imperial County Purchasing office no later than 4:00 p.m. as set forth on the Timetable which is included within these guidelines. Applicants who timely submit a Statement of Interest to Apply will receive a letter acknowledging receipt of their submittal within 10 working days of the due deadline. The Commission will review all Statements of Interest to Apply and make a determination on proposed Projects that will be invited to apply under Step 2 of the process. A letter of acceptance or rejection by the Commission based on the Statement of Interest to Apply will be sent to the interested party submitting the form no later than the release date noted under Step 2 of the application process.

D. Background on First 5 Imperial (Commission)

The youngest children residing in Imperial County and their families have been presented with valuable new opportunities since the development of the local Children and Families First Commission subsequent to the approval of Proposition 10. This Act, authored under the direction of Rob Reiner, was ratified by California voters in 1998. The standard supporting this law entailed that a new tax would be levied on tobacco products sold in the state. Monies generated through this tax are designated to provide services that center on

the optimal development of children 0-5 years of age, in addition to tobacco awareness and cessation programs. The Act further requires the creation of a Proposition 10 Commission for each County. The Imperial County Children and Families First Commission was established under the authority of Imperial County Ordinance # 1231 in 1998. A nine-member Commission panel, assembled under the direction of this ordinance, would realize Proposition 10 priorities at the county level.

VISION

All Imperial County children will thrive in supportive, nurturing and loving environments, enter school healthy and ready to learn, and become productive, well-adjusted members of society.

MISSION

Current research in brain development clearly indicates that the emotional, physical and intellectual environment that a child is exposed to in the early years of life has a profound impact on how the brain is organized. The experiences a child has with respect to parents and caregivers significantly influences how a child will function in school and later in life. The California Children and Families Act of 1998 is designed to provide, on a community-by-community basis, all children prenatal through five years of age with a comprehensive, integrated system of early childhood development services. Through the integration of health care, quality childcare, parent education and effective intervention programs for families at-risk, children, their parents and caregivers will be provided with the tools necessary to foster secure, healthy and loving attachments. These attachments will lay the emotional, physical and intellectual foundation for every child to enter school ready to learn and develop the potential to become productive, well-adjusted members of society.

RESULT AREAS

The Commission will work to promote projects that focus in any one of the activities in the following areas:

1. Improved Family Functioning
2. Improved Child Development
3. Improved Child Health

E. Funding Priorities

Potential Community Development Mini-Grant applicants must submit a Statement of Interest to Apply for activities that fall within at least one need identified in the Strategic Plan adopted by the Commission. A copy of this plan may be requested through the Commission Office or may be downloaded from the Commission's website at www.icprop10.org. Furthermore, activities realized must reflect the Vision, Mission, and support one of the three goals established by the Commission. Funding priorities will focus on these three goals, also referred to as “result areas” which are:

Goal 1:	Promote parenting and caregiver services, prenatal and postnatal, to enhance optimal child development and to encourage healthy, stable and economically independent families.
Goal 2:	Improve the development and school readiness of young children from birth through age five.
Goal 3:	Develop multi-disciplinary intervention and treatment services to enhance the medical, emotional, physical and mental well-being of young children.

Examples of activities that may be funded include, though are not limited to the following:

- Staff development and training
- Information dissemination campaigns that focus on children 0 through 5 years
- One-time events/workshops that target families
- Licensing fees
- Family literacy projects
